

Two lovely cats need homes. Owner moving to CA and unable to transport.

My name is Woody. I am a male and am about 6 1/2 years old. I weigh about 16 pounds, have been neutered and am up to date on my rabies vaccination. I like to be outdoors, but also like to come indoors to eat and sleep. I eat only dry food.

I am very friendly, love to follow my owner around and like being petted. I will rub on your legs until you pet me. I also really enjoy being petted at my food dish. I am not a lap cat most of the time, but can enjoy that occasionally.

My name is Gray. I am a female and am 9 years old. I weigh about 10 pounds and have been spayed. I am an indoor/outdoor cat, spending most of my time indoors. I eat dry and canned food.

I am sweet and lovable, love to be held and sit on your lap. I need plenty of attention.
